

AAC 27

PRODUCT FACT SHEET

AAC 27

DESIGN BY HEE WELLING & HAY, 2010

The About a Chair AAC 27 design exudes the functional simplicity that is characteristic of this entire series. The solid shell comprises a curved back with armrests in fully upholstered polypropylene, providing excellent comfort and a soft, unified silhouette, while the four-legged bent steel tube base reinforces the minimalistic expression and ensures optimal durability. Available in a wide range of different textiles and base finishes, this multi-functional chair offers the opportunity to create numerous design combinations for private or public settings.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- Full upholstery in a large selection of fabrics and leathers.
- Variability of textiles, colours and base finishes.
- Available with plastic shell, with front- and seat upholstery (AAC 26) and full upholstery (AAC 27) in a large selection of fabrics and leathers.
- Shell is also available without armrest.
- Other base options are: Swivel base, wheel base, sled base, solid wood legs and moulded plywood legs.
- Other upholstery option is: a soft quilted version with added wadding in a large selection of fabrics and leathers.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
