DESCRIPTION

Because small spaces deserve a little levity, too. Bertrand Jayr designed a smaller version of his hit toilet paper shelf, specially adapted for narrower washrooms. Don't hide your toilet paper anymore. Turn it into a work of art!

DESIGNER

“Between art and design, there is only one step.”
According to Bertrand Jayr, there is a transversality linking these disciplines that are both distinct and related. It is precisely by transgressing its own limits that Art constantly redefines itself. This is how this artist and designer from Lyon considers these two practices simultaneously. An innovative and meaningful design, reconciling creativity and use.
